

## **FRONTEO USA, Inc. announces new location of L.A. Branch Office**

Tokyo, August 30 -- FRONTEO, Inc. (Headquarters: Minato-ku Tokyo; President & CEO Masahiro Morimoto) has announced that the Los Angeles Branch Office of its wholly-owned direct subsidiary FRONTEO USA, Inc. (Headquarters: New York, USA; Representative: Naritomo Ikeue) has moved to the address shown below.

Since the establishment of its US subsidiary in December 2007, the FRONTEO Group has expanded its legal services to Asian companies deploying in the United States, including Japanese businesses.

This relocation provides an environment that allows, among other things, greater capacity for the number of sheets reviewed in services such as document review and project management. It also improves the company's ability to respond promptly to issues facing local subsidiaries of Asian companies such as cross-border litigation cases. Moving forward, the L.A. Office will continue to further strengthen its support for the American subsidiaries of Asian businesses and law offices that are concentrated in the LA suburbs.

We would like to ask for your continued support, as we strive to support further growth while protecting the pride and values of Asian businesses.

The new address, as of August 27, 2018 is:

FRONTEO USA, Inc.  
L.A. Branch Office  
600 Wilshire Boulevard, 16<sup>th</sup> Floor, Suite 1600  
Los Angeles, California 90017, USA
